PROFESSIONAL PROFILE

I have been a teacher since 2018. In these past years I have taught English to 3 to 17-year-old students. Besides being a teacher of English, I also teach maths, science and phonics to first graders. I am committed to supporting growth in children.

I travelled all over the world previously and Thailand kept calling me. So I came and settled down in my new home. I have the intention of staying. I have now the noblest profession, and the future of the world is in my classroom.

ACCOMPLISHMENTS

- I prepared 3 to 5-year-old Hungarian kids to perform a mother's day programme and a Christmas show in English.
- Between 2005 and 2014 I organised many trips and travelled as a backpacker in the cultures that attracted me (Ethiopia, Egypt, United Arab Emirates, Nepal, India, China, Hong Kong, Macau, Thailand, Laos, Cambodia, Vietnam, Malaysia, Singapore, the Philippines). On these journeys I learnt a lot about myself, the people and the world.
- I led and coordinated over 1500 tourists in Europe throughout the years as I travelled with tour groups as a tour manager.
- As a marketing communication manager I oversaw an annual production budget of about USD 500.000.
- Attended Oxford Brookes University's International Business School – Budapest, where all the subjects were taught in English, and thus got a Bachelor of Arts in Business Studies degree from Oxford Brookes University.
- I was the president of the student organisation of my high school for 2 years.
